Mirabel Partners teams up with Cofinimmo in the acquisition of a EUR 20m project in Finland

Mirabel Partners' cooperation with Cofinimmo within the Nordic healthcare real estate segment results in the [acquisition of a new Mehiläinen private medical center development project in Vaasa](#).

“We are very pleased with this first acquisition and are particularly proud of our ability to run a thorough but smooth process together with an international partner during Corona time. We are already working on the next Finnish deals”, says Andreas Michelsson, Helsinki-based Partner at Mirabel.

“We are currently looking at several concrete opportunities in Sweden and we see great potential there as well”, adds Christopher af Trampe, Stockholm-based Partner at Mirabel.

“Mirabel Partners was launched with a simple mission: to create winning strategies by bringing together the best international capital and the best local deals, all managed by a well-aligned and experienced investment management team. The partnership with Cofinimmo within Nordic healthcare real estate is a perfect example of that. At Mirabel we are working on further deals and strategies across our wider geography and various asset classes”, concludes Michael Schönach, Partner and CEO at Mirabel.
